Reasons for Allowance

1. Claims 1-20 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art fails to disclose or render obvious the claimed combination including the following steps: detecting the ionization signal; integrating said ionization signal over a first sampling window to generate a first integrating ionization value; detecting a peak of said ionization signal over said first sampling window to generate a first peak ionization value; integrating said ionization signal over a second sampling window to generate a second integration ionization value; detecting a peak of said ionization signal over said second sampling window to generate a second peak ionization value; and performing the engine diagnostic routine with at least one of said first integration ionization value, said first peak ionization value, said second integration ionization value, and said second peak ionization value.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
